SCHOLARSHIP PROCEDURES for WORK EXCHANGE - 2008

Scholarship assistants help behind the scenes every week during their child's class time. (See class times below) We ask that the parent arrive with the student before class starts and stays for approx. 60 min. after class. If the parent is available, an additional 10 hours is requested and arranged on weekdays at the E. Bay/Pt. Richmond home office during the term.

Scholarship confirmations are based on space available 2-3 days before your first class day.

Duties: Assist with supervising student attendance, entrances and exits, snack time, behind the scenes during class, clerical, and set up and re-set of rooms. We ask that a parent does not assist inside the classroom where their child is practicing lessons, in order to encourage independence.

Course Dates: See dates in the newsletter and website.
